

Hi, my name is Denene Holbrook.

I have been a reading specialist and literacy coach for 36 years and have a passion for reading that started as an undergraduate in college. I was blessed to have been one of the few people from Oregon trained in Reading Recovery which completely changed my world. It was a two-year intense training but opened my eyes to the reading processes and gave me a much better understanding of how to work with children who struggle to read. Now, as a staff development specialist in literacy, I have the privilege to take this knowledge and help classroom teachers so that they too can better teach this incredibly comprehensive thing we call literacy. I have a heart for the staff and children within the Adventist community and am thankful every day that God has allowed me to do this work
