

My name is Leanne Gainer. I am a graduate of Andrews University, where I earned my BA in Education (with endorsements in Home Economics, Counseling and Guidance, Art and History) and a Masters of Arts in Teaching. I love my family, which includes my wonderful husband, three grown children, five grandchildren and two dogs. When I am not teaching or working in ministry with my husband I can be found reading, studying nature, painting, going for walks and cooking.

My Classroom Philosophy:

The word Kindergarten, loosely translated, means a garden where children can grow! At PAES it is our intention that students will have a safe place that encourages thinking, discovering, exploring and learning about the amazing world God created for us. It is my prayer that the classroom will be a community of friends, family and beauty that we call home. A place to learn to love God, love each other and love and care for the world God created. It is my desire that your child become all that God created them to be. I hope you will choose our home that we call PAES. I will be praying for your family daily.

Why I choose to work in Christian Education:

For over 40 years I have been in ministry with my husband both in churches and schools. Christ's love compels us to love and care for the gifts He has given us in the children He has created. It is our deep desire that they will give their hearts to the Lord and be a powerful testimony of His love and forgiveness in a world that needs good leaders with a heart to serve that can only come from and through Christ alone. Loving God and serving Him in Christian education and ministry has been, and will continue to be, our life calling.
